HOW SENATORS AND MEMBERS DISPOSE OF THEIR BACK PAY.

ONLY FIFTEEN HAVE DONATED IT TO THE TREASURY.

VICE PRESIDENT WILSON THINKS THE MODCOS SHOULD BE EXTERMINATED.

UNITED STATES TROOPS SENT TO GRANT PARISH.

ETC., ETC., ETC.

THE BACK PAY.

WASHINGTON, April 17.—Secretary Richardson today received a letter from Senator Bayard of Delaware, enclosing the amount of his back pay for the last congress, amounting to nearly \$5,000.

Up to this morning the books of the sergeant-at-arms of the house show that all but thirty members have drawn their back pay. Gen. Spinner received yesterday a package of bonds from an Iowa member, who does not want his name made public. He took his pay, bought bonds, cancelled and sent them to Gen. Spinner. This makes fifteen, all told who have turned their money into the treasury.

WILSON AND THE MODCOS.
Vice President Wilson and yesterday that peace with the Modcos was now out of the question, and they should be exterminated at any cost. Still the peace policy should not be abandoned in dealing with other Indian tribes.

GOVERNMENT POSTAGE.
The repeal of the franking privilege will save a large sum of money to the government other than that realized from postage. After the first of July, when the law goes into effect the several departments will stop using very heavy paper for correspondence, and substitute a light article. At the same time instructions will be given to use only half instead of whole sheets for correspondence where it is possible. By this means both postage and stationary accounts will be reduced, and a great saving accrue to government.

TROOPS FOR GRANT PARISH.
NEW ORLEANS, April 17.—A New Orleans special states that United States troops left yesterday for Grant parish, and will be stationed along the bank of the river to prevent further trouble.

THE PROJECTED MISSISSIPPI VALLEY CONVENTION.

EFFORTS TO SECURE THE HOLDING OF IT AT ST. LOUIS.

ADVERTISING AGENTS CONVENTION IN NEW YORK CITY.

THE VIENNA EXPOSITION BUILDING IN A BACKWARD STATE.

ETC., ETC., ETC.

THE PROPOSED CONVENTION.

ST. LOUIS, April 17.—The project which has been on foot here some weeks, for a convention of Western and Southern congressmen to consider questions of general and special interest to the states of the Mississippi Valley, to be held here some time next month, was discussed today by the board of directors of the Merchants Exchange. A committee was appointed to wait upon the mayor and city government, and ask their co-operation, also to devise some plan for carrying out a programme for the reception and entertainment of delegates.

There was an unanimous approval of the project, and an earnest desire expressed that the convention should be held. Congressman Wells said 100 to 150 congressmen would be present and he would prepare a list of the topics to be discussed by the convention. The programme for the entertainment of delegates is expected to embrace a trip to Galveston, via the M. & T. and Texas Central roads, and return through a portion of Kansas; also banquets, steamboat excursions, etc.

ADVERTISING AGENTS.

NEW YORK, April 17.—At the convention of advertising agents resolutions were adopted to the effect that agents shall ignore as far as possible and compatible with the interests of advertisers, papers which do not recognize the right of agents to a commission; also that advertising agents shall ignore, as far as possible, publishers who ostensibly recognize the right of agents to commissions, but allow commissions to advertisers themselves.

Another resolution condemns the taking by agents of immoral advertisements; also a resolution that new agents be rated as canvassers, and be allowed only half the commission given old agents.

THE EXPOSITION.

NEW YORK, April 17.—A Herald cable says the exhibition building is a back-

ward state, and cannot possibly be finished by the first of May. The roofing of the dome is incomplete, and all labor is being concentrated in the endeavor to finish the rotunda for the formal opening, which must be on the first of May, that being the day on which the sovereigns are invited. No other portion of the building will be ready. The construction will be continued after the opening. The direction is energetic, but the labor is inferior and visitors wishing to save time should not come before June.

CRIME.

ANOTHER ACCOMPLISHED THIEF AND FRIEND OF BIDWELL'S ARRESTED.

HE ROBS THE ENGLISH DETECTIVES WHILE ON THEIR WAY TO HAVANA.

ARREST OF A PIOUS FRAUD AND HIS PARTNER IN WASHINGTON.

ETC., ETC., ETC.

ANOTHER OF BIDWELL'S FRIENDS ARRESTED.

HAVANA, April 17.—Inspector Haylen and Green of the London police, and Mr. Good, clerk in the Bank of England, arrived here on the steamer Mano Castle. A man named Wilson, who is known to be a celebrated thief from New York, took passage on the same steamer. Shortly before her sailing from New York, when the vessel had been to sea but a few hours, Green's trunk was opened, and forty sovereigns and some jewelry abstracted. Pursing him on the steamer suspected one of the waiters. On Saturday evening Wilson was invited to wait the deck, and while doing so, some persons went below and inspected a satchel which Wilson brought on board the steamer. In the satchel were found a complete set of burglar's tools and skeleton keys of beautiful workmanship. The Mano Castle arrived here Sunday evening, and the passengers were not permitted to land on account of the lateness of the hour. While the passengers were on deck, Wilson went below and forced open the trunk of Hayden, Green and Good, and abstracted a quantity of papers, and then hid the burglar's tools in a closet in Green's room. Wilson's object undoubtedly was to get hold of the documents in the hands of the inspectors, relating to the forgeries of Bidwell in London.

After the first attempt to rob the bank the Londoners removed the papers and kept them about their persons. The clerk of the Bank of England has identified Bidwell as the man who opened an account with the bank, and the English detectives identified him as a noted character. The Havana authorities have arrested Wilson, charged with burglary, the crime having been committed inside the Havana harbor, and the case is under Spanish jurisdiction. The English detectives and the British consul have completely baffled the efforts of Bidwell's friends to obtain his release.

TWO FRAUDS ARRESTED.

NEW YORK, April 17.—Col. Whitley states that one of his officers has arrested in Washington, a man styling himself Rev. T. D. Barney, but whose name is Pardee, and one Sutton, a printer, for swindling government office-holders in the name of the president. The prisoners are said to be the authors of a circular purporting to be from ex-Representative Manson, bearing the forged signature of Gen. Babcock, and requesting contributions for representing election frauds, and to reimburse the treasury for money lent for election purposes. It is understood the president intends to remove office-holders who contributed. Pardee has very respectable connections, his father being president of a national bank in New Haven, Connecticut. Pardee himself was a member of Gov. Buckingham's staff during the war.

A STILL REIZED.

WISCONSIN, April 17.—C. W. Starr, deputy United States marshal, from Anderson, has again been among the moonshiners. Last night about 9 o'clock Mr. Starr with an assistant, surprised and arrested John Bomgardner of Adams county. He had seized the still and apparatus belonging to Bomgardner on Friday, April 11, and finished the job last night by taking the still from Bomgardner.

He drove to one David Moser, some four miles distant, and after arresting Moser proceeded to search the premises. After a diligent search of a few moments he discovered new and unmistakable signs of a distillery. He finally got on the track and followed it a quarter of a mile from the house, where he found a still with attachments complete, for a capacity of about thirty gallons. Starr shipped the still to Anderson, today, and started to Indianapolis with his prisoners. There was quite a show of resistance manifested by one of the parties, but upon Starr's producing handcuffs, the prisoner became quiet. Starr is doing a good work among old government defrauders, who have been carrying on their underground business for years.

A LAZY CLERK.

MILWAUKEE, April 17.—A postal clerk named J. B. Brown was arrested at Winona Junction, and brought to LaCrosse this afternoon, charged with burning mail matter to save the labor of distributing it.

NO IMPROVEMENT IN THE CONDITION OF THE POPE.

EXCITEMENT OVER THE RUMORED MURDER OF SIR SAMUEL BAKER AND WIFE.

POPE PICS NOT ANY BETTER.

ROME, April 17.—The pope is still suffering, and it is known there is no improvement in his condition to-day. Persons who have been admitted to his presence make the most contradictory reports in regard to his illness. The Italian government exhibits anxiety in relation to the malady of the holy father. A courier has left the Vatican for Germany, with instructions for the guidance of the Roman Catholic bishops in that country, in case of the demise of the pontiff.

RUMORED MURDER.

LONDON, April 17.—The rumor of the murder of Sir Samuel Baker and his wife causes much uneasiness at the foreign office. The government has received no information whatever in relation to the occurrence. Earl Granville has telegraphed to Alexandria, making inquiry into the origin of the report.

WEATHER PREORT.

WASHINGTON, April 17.—The areas of low barometer in Ohio and Illinois will extend on Friday over the Lower Lakes; that over New Jersey will move northward toward Cape May. For New England northerly and easterly winds, with rain. For the Lower Lakes winds back to southerly, with rain. The barometer will continue to fall in the north west, with southerly winds. Rising temperature over Minnesota and Lake Superior. For the Southern States rising temperature with partly cloudy and clear weather. Cautionary signals will continue at Milwaukee, Chicago, Grand Haven, Detroit, Toledo, Cleveland, Buffalo, Rochester, Oswego, New Haven, New London and Boston.
